

CA-AFCS Members:

We welcome you to our October issue of *Contempo*. In this issue, we would like to take the opportunity to recognize our members—and in particular—our members with over 30 years with the California Association of Family & Consumer Sciences. The dedication of our members, their support of our organization, and the passion for quality of life for individuals, families, & communities is a true testimony that speaks to the hearts of our members. We cannot thank each of you enough for all these years of support—in total...3910 years of CA-AFCS membership!

And speaking of our members, CA-AFCS had 8 members of our organization participate in the Leadership Workshops which were held on **October 2 & 3, 2020**. Approximately 70 members participated from across the nation and the workshops highlighted important aspects of our organization such as leadership, technology use, and financial oversight; all of which are important for affiliate leaders to know.

One of the key announcements was the upcoming *360 Communications campaign* —“Dining in” for *#FCSSuccess*. Look for information on the AAFCS website about this initiative on October 16 on and plan for ‘DINE IN DAY’ on **December 3, 2020**.

Upcoming events that were announced included the International Federation for Home Economics Conference which will be held on **September 4 through 10, 2022** in Atlanta Georgia. This event is not typically held in the U.S. so this would be a great opportunity to participate in a global community involved in the family & consumer sciences.

Please look for a CA-AFCS giving opportunity in November.

We hope you have a wonderful fall season.

THANK YOU TO OUR CELEBRATED MEMBERS!
